- Establish HSE performance objectives, evaluate results, assess and continually improve processes of targets realisation;
- Plan for, respond to and recover from any emergency and crisis;
- Minimize our impact on the environment through pollution prevention, reduction of natural resource consumption and emissions, and the reduction and recycling of waste;
- Communicate openly with employees, partners, and contractors. Ensure an understanding of our HSE policies, standards, programs and performance. Reward outstanding HSE performance. Request and oblige all partners, contractors, subcontractors and suppliers to manage HSE in line with this policy.
- Regularly review the Policy to ensure ongoing suitability.

The commitments listed are in addition to our basic obligation to comply with RUNACO INTERNATIONAL standards, as well as all applicable laws and regulations where we operate. This is critical to our business success because it allows us to systematically minimize all losses and adds value for all our stakeholders.
